

我们是谁？

LED透明显示 智造服务商

数视达（深圳）有限公司是海南新士集团的子公司，总部位于深圳市。公司主营LED透明显示屏。

数视达自成立以来，一直专注于LED柔性透明薄膜屏和LED全息隐形屏的应用领域，是集LED柔性透明薄膜屏和LED全息隐形屏的核心材料研发与制造、是集电子线路，结构设计，灯珠，IC设计，SMT、灌注、组装、销售与服务于一体的科技型生产企业。

LED柔性透明膜屏和LED全息隐形屏广泛应用于商店橱窗广告、连锁餐厅、商场、机场、车站、博物馆、金融机构、汽车4S店、展览展示、盛大节日场馆、舞台搭建、建筑幕墙等领域。

我们的合作伙伴

100+城市服务
60+品牌信誉之选
20+企业资质

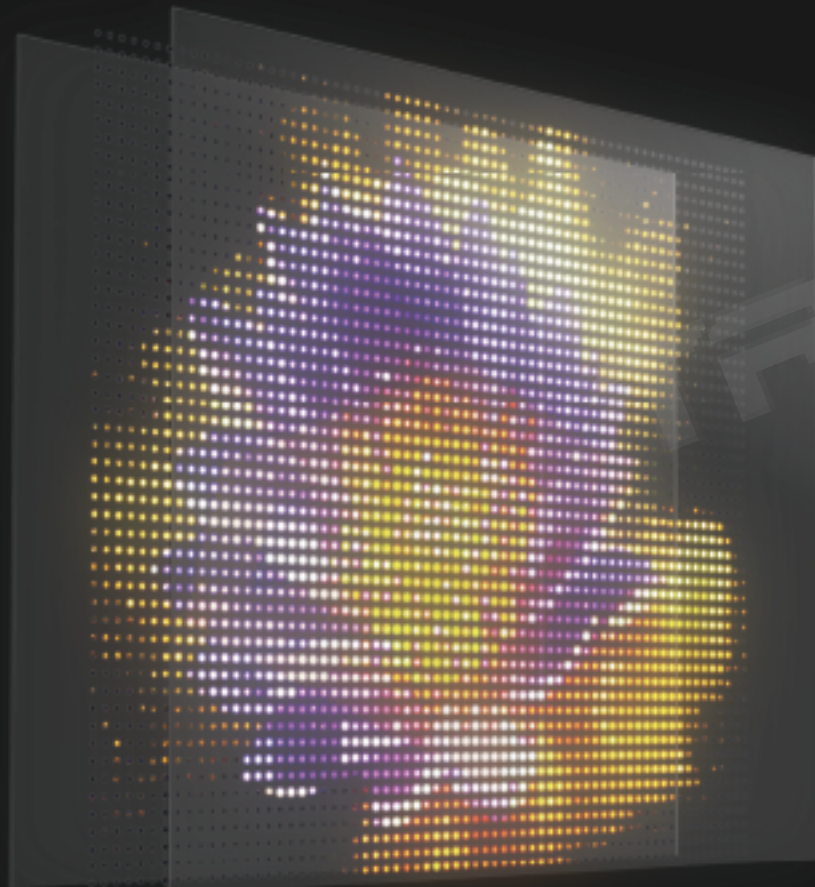

数视达为各类企业单位提供视觉宣传服务，客户覆盖通讯、金融、能源、医疗、学校、政府等行业。并以专业化的服务流程实施，为我们赢得了众多客户的信任，包括中国电信、国家电网、齐鲁制药、青岛地铁、科勒、SANY、腾讯、中国中铁、阿里巴巴、中国建材、招商地产、LG、中船重工、万达集团、京东、清华大学、北京工商大学、中国科学院、中国美术学院、上海大学等国内外知名优秀企业，并建立了长期的合作关系！

LED光电玻璃

LED Optoelectronic Glass

光电玻璃采用LED发光芯片技术，其基本结构为夹胶玻璃，使芯片和传统玻璃融为一体。这种设计既保留了玻璃的透光特性，又能展示视频、图片、文字等素材。
LED光电玻璃分为护栏屏系列、叫号屏系列等。

The Optoelectronic Glass adopts LED light-emitting chip technology, laminated glass is used for the base structure and which integrates the chip with traditional glass. This design retains the transparency of glass while also displaying materials such as videos, images, and text.
LED Optoelectronic Glass is divided into guardrail screen series, call screen series, etc.

高透光率 High Transmittance

采用固晶工艺，晶圆发光，体积小，屏体通透靓丽
Adopt solid crystal process, small size, transparent and beautiful screen display

低能耗 Low Energy Consumption

平均功率约为50-80W/m²，大大低于传统透明屏的功率，节约成本
The average power consumption is about 50-80W/m², saving cost

寿命长 Long Working-Life

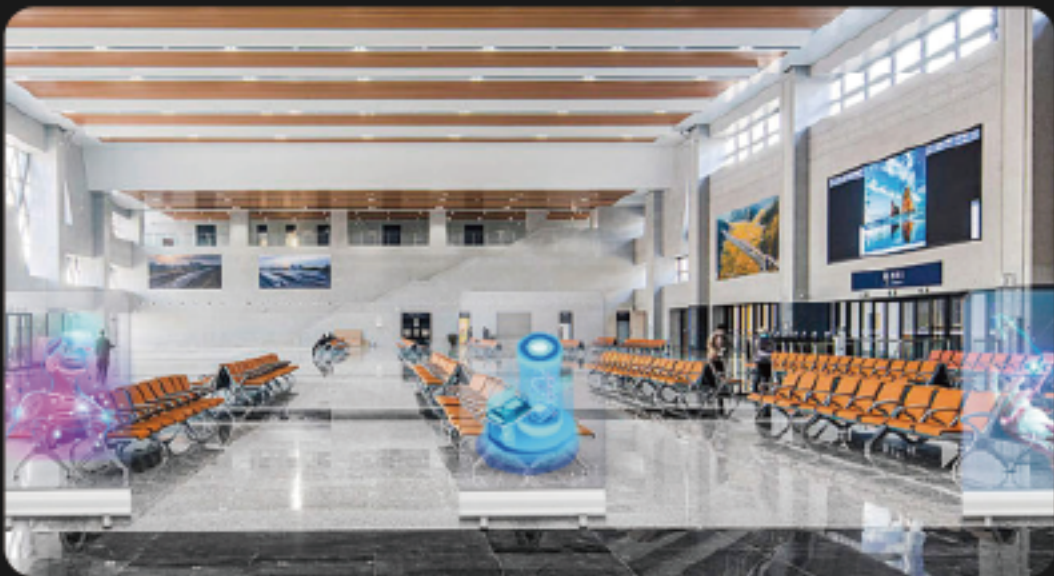

基于先进的发光工艺，发热低几乎没有温度，寿命长达10,0000小时
Low heat almost no temperature, working life time 100,000 hours

安全耐用 Safe And Durable

具有良好的抗冲击性能和抗振荡性能，坚固耐用
Good impact resistance and seismic performance, strong and durable

LED光电玻璃广泛应用于创意显示、综合商场、银行、展览展示等场景

LED Optoelectronic Glass is widely used in creative displays, comprehensive shopping malls, banks, exhibition displays, and other scenarios.

LED-护栏屏系列

LED - Guardrail Screen Series

结合科技与美学，保持玻璃通透同时展现动态信息。在商业与公共空间，传递品牌广告、服务信息，增添互动体验。节能、轻便、易维护，为现代建筑设计注入创新活力。

Combining technology and aesthetics, maintaining transparency of glass while displaying dynamic information. In commercial and public spaces, convey brand advertising and service information to enhance interactive experiences. Energy saving, lightweight, and easy to maintain, injecting innovative vitality into modern architectural design.

LED灯种类 /LED light types	固晶/Solid crystal		
像素间距 /Pixel pitch (mm)	6*6.25	8*8.125	10*10
箱体分辨率 /Cabinet resolution (px)	160×160	120×128	96×100
箱体重量 /Cabinet weight (kg)	32	34	30
像素密度 /Pixel density (Pixels/m²)	26666	15375	10000
亮度 /Brightness (cd/m²)	≤1500		
视角 /Viewing angle	170°/170°		
平整度 /Evenness	≥90%		
色度均匀性 /Chromaticity uniformity	±0.003 Cx,Cy之内		
对比度 /Contrast ratio	4000:1		
防护等级 /Protection grade	IP40		
驱动方式 /Driving method	恒流动态 /Constant current dynamics		
换帧频率 /Frame rate	60帧/秒 高刷支持3D：120帧/秒 /60Frame /Second Suppot High resolution3D：120Frame /Second		
刷新率 /Refresh rate	≤3840Hz		
屏体色温 /Screen color temperature	2000K ~ 9500K		
平均功率 /Average power consumption (W/m²)	40 ~ 60	50 ~ 60	50 ~ 60

LED智序系列

LED Smart Sequence Series

主要应用于政府行政大厅、医院、银行、高铁站的公共办事大厅。因为产品本身高透明、美观，方便使用等特点，深受广大客户的需要及使用。

It is mainly used in government administrative halls, hospitals, banks, and public service halls of high-speed railway stations. Because the product itself is highly transparent, beautiful, easy to use and other characteristics, by the majority of customers need and use.

橱窗广告解决方案

Window Advertising Solutions

以透明屏幕为载体，既不影响橱窗原本商品的展示，又能通过丰富多变的广告内容吸引顾客目光。内容紧跟市场趋势，打造独特品牌形象，促进销售增长，是现代橱窗广告的创新之选。

Using a transparent screen as a carrier, does not affect the display of the original products in the showcase, but also attracts customers' attention through rich and varied advertising content. Keeping up with market trends, creating a unique brand image, and promoting sales growth are innovative choices for modern window advertising.

机场大厅解决方案

Airport Lobby Solution

直观展示航班信息，优化登机流程，便利行李提取。同时，播放广告增添商业氛围，与环境融合提升美观。透明设计不影响视野，增强旅客出行体验，展现现代机场高效便捷新形象。

Intuitively display flight information, optimize boarding process, and facilitate luggage retrieval. At the same time, playing advertisements adds a commercial atmosphere and integrates with the environment to enhance aesthetics. Transparent design does not affect visibility, enhances passenger travel experience, and presents a new image of modern airport efficiency and convenience.

汽车4S店解决方案

Automotive 4S Store Solutions

提升科技感与视觉效果，展示汽车细节与促销活动，不阻挡店内采光，让顾客在舒适环境中享受购车体验。灵活展示，助力品牌宣传和产品推广，展现现代汽车销售的智能与时尚。

Enhance the sense of technology and visual effects, showcase car details and promotional activities, without obstructing the lighting in the store, allowing customers to enjoy the car buying experience in a comfortable environment. Flexible display, assisting brand promotion and product promotion, showcasing the intelligence and fashion of modern automotive sales.

建筑幕墙解决方案

Architectural Curtain Wall Solutions

融合建筑与光影，展现高科技美感。不挡视线，创新宣传方式增魅力。动态内容自由切换，夜间效果尤为璀璨。提升建筑智能化，节能环保新趋势。未来建筑新风尚，透明屏幕墙引领潮流。

Integrating architecture with light and shadow, showcasing high-tech aesthetics. Without blocking the line of sight, innovate promotional methods to enhance charm. Dynamic content can be freely switched, and the night effect is particularly dazzling. Enhancing building intelligence and promoting new trends in energy conservation and environmental protection. The new trend of future architecture is led by transparent screen walls.

广泛应用于创意显示、综合商场、零售橱窗、展览展示等场景

Widely used in creative displays, comprehensive shopping malls, retail storefronts, exhibition displays, and other scenarios.
